Notes:

Finn came back with an absolute bang this stream. These numbers are incredible to look at, setting a new record in terms of average non-raid viewers and the 2nd highest average viewers of all time! He would do it without even breaking the max viewers record in 2023, though he came close missing by just 107 people.

Seemingly the 4 day break did Finn a lot of good, keeping the fans on edge and waiting to see his next stream. Hopefully Finn can keep up the red hot momentum whenever he streams next!
