Notes:

Is it fair to say I am quite disappointed with these numbers? Now sure there were factors working against Finn here, a Sunday 9pm start isn't ideal for Euros plus with the Super Bowl starting halfway through, but even with that, you'd expect numbers to be better than this being the first post-ban stream plus with Soda as a guest. Sure you can point to various reasonings, but it's a tough amount either way when expectations were higher.
