Notes:

I am highly impressed by these numbers not gonna lie! Yes you can argue that it is Saturday so therefore the numbers are bound to be higher, but the consistency of this stream in terms of numbers is unheard of. Finn would pass 4k viewers 35 mins into the stream and would not dip below that 4k at all for 5 consecutive hours. That is some impressive retention considering the max viewers was less than 500 more than the average viewers, showing how consistent the viewers were this stream and showing that Finn can clearly engage a stream audience!
