Notes:

This was one of the more impressive streams I've seen stats wise. Yes it didn't hit the heights of the January peak but it easily was the highest of this month and was the highest viewership total in the last 3 weeks. This can be attributed to an earlier 7pm start on a Saturday which really helped to boost viewership even with the looming Streamer Awards threat. Ultimately Finn would end around the same time as the official start which worked a treat. Nearly hitting 4.4k average is pretty insane!
