Notes:

This stream deserved more. Weekdays are often a bit lower, and it seems that overall Finn has dropped from the absolute peak of Jan/Feb. However, these stats are still better than he has had in any pre-2023 month, so you have to take that into account. If this was a Friday or Saturday, we'd easily be speaking over 4k I reckon. Taking out the opening 30 mins and the final 20 mins puts the average at a more reasonable 3.9k, which is still very good for a Monday night!
